

Veterinary Betadine[®]

Povidone-iodine Microbicides in Veterinary Medicine

Betadine[®] Surgical Scrub Veterinary

Povidone-iodine, 7.5%

Antiseptic Sudsing Skin Cleanser

External Use Only • For Professional Veterinary Use Only

A Microbicidal Cleanser:

- For pre-operative prepping of skin
- For use on companion animals, including dogs, cats, and horses

USES

- For preparation of the skin prior to surgery
- Helps to reduce bacteria that potentially can cause skin infection

DIRECTIONS

Pre-operative skin preparation:

- After the surgical area is clipped, wet it with water
- Apply Scrub (1 cc is sufficient to cover an area of 20-30 square inches), develop lather and scrub thoroughly for about 5 minutes
- Rinse off using sterile gauze saturated with water
- The area may then be painted with Betadine[®] Solution Veterinary and allowed to dry
- For use on companion animals, including dogs, cats, and horses

SPECIFICATIONS

16 oz. plastic bottle	NDC 67618-154-16
32 oz. plastic bottle	NDC 67618-154-32
1 gallon plastic bottle	NDC 67618-154-01

WARNINGS - FOR EXTERNAL USE ONLY

Do not use this product

- In the eyes
- On food-producing animals

When using this product

- Prolonged exposure to wet solution may cause irritation or, rarely, severe skin reactions
- In pre-operative prepping, avoid “pooling” beneath the animal

Stop use and ask a veterinarian

- If irritation and redness develop
- In rare instances of local irritation or sensitivity

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.
