**DR. NAYLOR<sup>®</sup> UDDER BALM**

***H.W. Naylor***

**NDC No.:** 15878-413-13

**Active Ingredient(s):**

8-hydroxyquinoline	0.14%
--------------------	-------

Inactive Ingredients: Petrolatum, water, lanolin, wax, oil of clove, sodium borate, color, and isopropyl alcohol 0.2%.

**Indications:** Chapped teats, minor cuts, scrapes, scratches, chafes, windburn, and sunburn.

Designed to remain in prolonged antiseptic contact, to reduce the danger of external infection by inhibiting bacterial growth.

**Dosage and Administration:** Apply liberally after each milking or as often as necessary.

Udder Massage: To promote better circulation in a congested udder, apply liberally with a thorough massage, removing milk at each application.

**Caution(s):** Do not use in case of deep or puncture wounds or serious burns. Consult a veterinarian. If redness, irritation, or swelling persists or increases, discontinue use and consult a veterinarian. Thoroughly wash the udder and teats before each milking.

For animal use only.

Keep from the reach of children.

**Presentation:** 9 oz. (255 g) tin or 36 oz. pail.

**CPN:** 1089008.0
