VETERICYN PLUS® ANTIMICROBIAL EYE WASH (ALL ANIMAL)

Innovacyn

VETERINARIAN RECOMMENDED

flushes eye irritants, helps clean & remove tear stains

relieves redness, itching, & allergy symptoms

Safe if licked or ingested

Use Vetericyn Plus® Antimicrobial Eye Wash for daily cleansing and protect the eyes from common ailments.

Daily cleansing

Tear stain removal

- Routine cleaning of eyes, flush dirt & debris, clean & remove tear stains
- Clean discharge in & around eyes, relieve allergy symptoms
- Reduce pink eye symptoms
- Non-toxic, safe if licked or ingested
- Safe for all animals at all life stages

Indications: Use Vetericyn Plus® Antimicrobial Eye Wash for flushing and cleaning irritations and wounds to the eye. Use to clean and relieve eyes affected by burning, stinging, itching, pollutants and contaminants. Safe for use on all animal species. May be used for the reduction and appearance of tear staining.

Directions for Use: Adjust dropper nozzle. Flush affected eyes gently with Vetericyn Plus® Antimicrobial Eye Wash. Repeat 3-4 times per day until condition is no longer visible. No rinsing necessary. Safe for use around mouth, nose, ears and eyes. Use with damaged corneas should be under veterinarian supervision. For daily eye maintenance, flush eyes once per day or as needed. Great for use after outdoor activities.

Use Precautions: For external use only, not for injection. Always consult with a veterinarian for systemic conditions. Discontinue use if irritation develops and contact your veterinarian. For animal use only, not for human use. Keep out of reach of children. Safe if licked by animal. Will not stain and contains no harsh chemicals or dyes.

Storage: Store at room temperature. Thaw and shake contents before use if frozen. Do not use after expiration date. After use, seal or close dispenser.

Stability: See Expiration Date

Disposal: No special disposal requirements. Vetericyn Plus is environmentally friendly.

Ingredients: Active: Hypochlorous Acid (0.009%) **Inactive:** Electrolyzed Water, Sodium Chloride, Phosphates, Sodium Hypochlorite
Innovacyn products are manufactured under strict quality guidelines of ISO 13485 and FDA QSR. Vetericyn Plus® products contain hypochlorous acid, a known antimicrobial, which serves as a preservative to inhibit the growth of microorganisms within the solution.

Customers love Vetericyn products!

b: Authentic Reviews

“Works great as my dog would constantly have gunk in his eyes. It was suggested that if we use the Vetericyn Plus Antimicrobial Eye Wash we would cure the root problem and get rid of the gunk. It works after 1-2 applications.”
