

## Pink Eye Spray

The Latest Innovation in  
Vetericyn Animal Eye Care!

**Vetericyn Pink Eye Spray is specially formulated for irritated eyes.**

**Apply to eyes to provide relief from infections, burning, stinging, itching, pollutants and other foreign materials.** Also use to clean and sooth eyes from the effects of pink eye. Vetericyn Pink Eye Spray is similar to those compounds produced by the animal's immune system. This infection fighting ally is steroid-free, antibiotic-free, non-toxic and non-irritating. It's safe to use in the eye because it is pH neutral. The trigger spray applicator facilitates application directly to the eye. Being 100% biocompatible, it is safe if licked or ingested. **Tests free for competitive animals.**

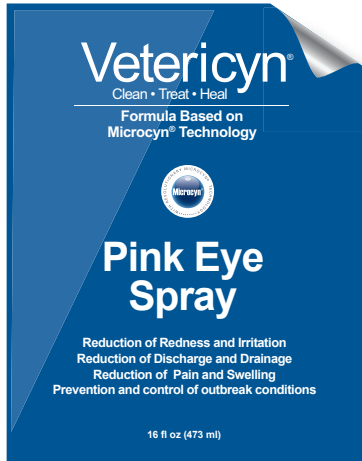

### Proven Features of Microcyn Technology

## Indications

Vetericyn Pink Eye Spray is for irritated eyes which helps relieve burning, stinging and itching by removing air pollutants (pollen/smog) and other foreign materials. For flushing and cleaning eyes, Vetericyn Pink Eye Spray contains an antimicrobial ingredient proven effective against bacteria, fungi, viruses and spores.

## Directions for use

Adjust nozzle. Wipe away excess matter that may have collected in the corner of the eyes. Spray gently into eyes or flush eyes gently with Vetericyn. No rinsing necessary. Apply 2-4 times per day until animal is healed.

## Use Precaution

For external use only. Discontinue use if irritation develops and contact your veterinarian. For animal use only. Not for human use. Keep out of reach of children. Safe if licked by animal. Not for injection. Always consult with a veterinarian for systemic conditions.

## Storage

Store at room temperature away from direct sunlight and heat. DO NOT FREEZE. After use, seal or close dispenser.

## Stability:

This product has a limited shelf life of 18 months and should not be sold beyond the expiration date printed on the bottle.

## Disposal:

No special disposal requirements. Vetericyn solution will not harm environment and is 100% biodegradable.

## Ingredients:

Electrolyzed Water (H<sub>2</sub>O)( 99.836%), Sodium Phosphate (NaH<sub>2</sub>PO<sub>4</sub>/Na<sub>2</sub>HPO<sub>4</sub>) (0.13%), Sodium Chloride (NaCl)(0.025%), Hypochlorous Acid (HOCl) (0.009%)
