VETERICYN PLUS® ANTIMICROBIAL EAR RINSE (ALL ANIMAL)

Innovacyn

VETERINARIAN RECOMMENDED

flushes debris, relieves itch & irritation

prevents dirt & wax build-up that could cause infection

Safe if licked or ingested

Use Vetericyn Plus® Antimicrobial Ear Rinse for irritations or daily ear cleansing to help prevent future infections.

Relieve itch & irritation

Daily cleansing

- Routine cleaning of ears to prevent dirt & debris build-up
- Relieve itch, irritation, & allergy symptoms
- Help prevent wax build-up & reduce ear odor
- Non-toxic, safe if licked or ingested
- Safe for all animals at all life stages

Indications: Vetericyn Plus® Antimicrobial Ear Rinse is intended for flushing, cleaning and care of wounds and irritations to the outer ear and ear canal. Use to relieve ears affected by burning, stinging, itching, pollutants, contaminants and wound odors. Safe for use on all animal species.

Directions for Use: Move excess hair from affected area. Clip if necessary. Adjust dropper nozzle. Saturate the affected area on or in the ear with Vetericyn Plus® Antimicrobial Ear Rinse. If dressing is required, saturate dressing with Vetericyn Plus at each dressing change. Repeat 3-4 times per day until wound is healed. No rinsing necessary. Faster healing is achieved when wounds are cleaned and maintained moist. Safe for use around mouth, nose, ears and eyes. Not for inner ear infections. For daily maintenance, apply in and around ear with a massaging action once per day or as needed. Great for use after outdoor activities.

Use Precautions: For external use only, not for injection. Always consult with a veterinarian for systemic conditions. Discontinue use if irritation develops and contact your veterinarian. For animal use only, not for human use. Keep out of reach of children. Safe if licked by animal. Will not stain and contains no harsh chemicals or dyes.

Storage: Store at room temperature away from direct sunlight and heat. Do not use after expiration date. After use, seal or close dispenser.

Stability: See Expiration Date

Disposal: No special disposal requirements. Vetericyn Plus is environmentally friendly.

Ingredients: Active: Hypochlorous Acid (0.009%) **Inactive:** Electrolyzed Water, Sodium Chloride, Phosphates, Sodium Hypochlorite
Innovacyn products are manufactured under strict quality guidelines of ISO 13485 and FDA QSR. Vetericyn Plus® products contain hypochlorous acid, a known antimicrobial, which serves as a preservative to inhibit the growth of microorganisms within the solution.

Customers love Vetericyn products!

b: Authentic Reviews

"As an integrative veterinarian working on multiple species, Vetericyn is my go-to product. It's non-invasive, tissue-sparing ability to provide a safe healing ground for tissues is imperative. The ability to create an environment not conducive to bacterial and fungal growth is vital in the fight against resistant bacteria."

- Dr J, Veterinarian from Fruita, CO
