VETERICYN PLUS[®] VF ANTIMICROBIAL OPHTHALMIC SOLUTION

Innovacyn

For use in eyes to relieve:

- Redness & Irritations
- Discharge & Drainage
- Tear Staining
- Allergy Symptoms

Safe for all animals

No known contraindications

HYPOCHLOROUS TECHNOLOGY

non-sensitizing

non-cytotoxic

non-irritating

Dispensed by licensed veterinarians only.

TECHNOLOGY THAT JUMPSTARTS THE HEALING PROCESS

Vetericyn Plus[®] VF contains synthesized hypochlorous, a molecule also produced by the animal during phagocytosis. In contrast to alternative methods, this solution can be used on all ocular tissue without harming fibroblast cells.

- Flush and clean wounds and irritations to the eyes
- Relieve eyes affected by discharge, drainage, and allergies
- Flush out pollutants and contaminants to the eyes
- Can be used in or near the eye in surgical applications
- Can be dispensed to patients for at home use

BACTERIAL BURDEN*

In vitro testing of the preservative in Vetericyn Plus VF shows microbial inhibition activity for a broad range of microorganisms including staphylococcal species.

Organisms Microbial Reduction (15 seconds)

K. pneumoniae	99.99999%
E. faecalis	99.99999%
S. aureus MRSA	99.99999%
S. epidermidis	99.99999%
A. baumannii	99.99999%
S. aureus	99.99999%
P. aeruginosa	99.99999%
E. coli	99.99999%
C. albicans	99.99999%

Vetericyn Plus liquid formula contains Hypochlorous Acid, a known antimicrobial, which serves as a preservative to inhibit the growth of microorganisms in the solution.

* Wolcott R, Fletcher J. The role of wound cleansing in the management of wounds. *Wounds International*. 2014; 1(1): 25-31.

Indications: For flushing and cleaning wounds and irritations to the eye. Use to relieve eyes affected by discharge, drainage, allergies, and to flush out pollutants and contaminants. Can be used in or near the eye in surgical applications. Can be dispensed to patients for at home use to control tear staining or excess eye excretions. Safe for use on all animal species.

Directions for use: Flush liberally 2-4 times daily or as needed to remove irritations and clean the affected area. Continue treatment until symptoms are resolved or as directed by veterinarian. Use with damaged corneas should be under veterinary supervision.

Use Precautions: For external use only, not for injection. For animal use only, not for human use. Keep out of reach of children. Always consult with a veterinarian for systemic conditions. Discontinue use if irritation develops and contact your veterinarian.

Storage: Store at room temperature away from direct sunlight and heat. Thaw and shake contents before use if frozen. Do not use after expiration date. After use, seal or close dispenser.

Stability: See Expiration Date

Disposal: No special disposal requirements. Vetericyn Plus[®] VF is environmentally friendly.

Ingredients: Active: Hypochlorous Acid (0.015%) **Inactive:** Electrolyzed Water, Sodium Chloride, Phosphates, Sodium Hypochlorite
Innovacyn products are manufactured under strict quality guidelines of ISO 13485 and FDA QSR. Vetericyn Plus liquid formula contains Hypochlorous Acid, a known antimicrobial, which serves as a preservative to inhibit the growth of microorganisms in the solution.
